Dear Sir/Madam,

REF: REQUEST FOR CLEARANCE TO ALLOW STAFF TO RESPOND TO QUESTIONNAIRE FOR
STUDENT PROJECT

I am writing to kindly request your permission and clearance to allow selected members of your staff to participate in a brief questionnaire that is part of my final year project. As a final year Computer Science student at the University of Zambia, I am currently working on a system designed to automate the screening process of student loan and scholarship board.

As the first step of the software development process which is Requirements Gathering, the primary objective of this questionnaire is to gather practical insights from HELSB staff who are directly involved in the screening and verification process. This information is crucial to ensure that the system we are developing aligns with your current workflow, addresses key challenges, and meets HELSB's needs effectively.

Your support in granting permission for your staff to engage with this process will be instrumental in the success of my Undergraduate final year project as it necessary and a must for me to do it on order to pass and graduate according to the University Policy.

Thank you for your time and consideration.

Yours faithfully,

Patricia Mboma Kashweka
